

Parents...

Are you pressed for time?

Are you worried that your child isn't getting their needs met?

Would you benefit from a knowledgeable professional connecting your child with providers, services, and supports?

A Prime Care Coordination Care Manager is the help you've been looking for.

Benefits Include:

Child & Family Support

Care Managers can connect eligible families with respite services, after-school program, community programs, educational advocacy and behavioral health services.

Transition Support

Care Managers can assist in establishing the necessary supports for after a child transitions from a school placement.

Health Promotion

Care Managers can assist in supporting overall health and wellness.

Many other services are provided by Care Managers to help each individual and family reach their goals!

How do I start this process?
